Dear Madam, Dear Sir,

The National Contact Point Luxembourg within the European Migration Network (EMN-NCP-LU) would like to draw your attention to its 5th National Conference, which will be held in Luxembourg City on 15 and 16 May 2012, entitled:

MIGRATION POLICIES AND FAMILY LIVES IN TRANSIT

Taking into consideration the recent launch of the Green Paper on the right to family reunification of third-country nationals living in the European Union, the conference will address the political developments and future challenges with regard to family lives, following the introduction of the European Council Directive (2003/86/EC) on the right to family reunification and the European Parliament and Council Directive (2004/38/CE) on the right of citizens of the Union and their family members to move and reside freely within the territory of the Member States.

Besides contributions by acclaimed researchers, Mr Kay Hailbronner (University of Konstanz), Mr Yves Pascouau (EPC), Ms Catherine Teule (AEDH), Ms Catherine de Wenden (CNRS), the event will count on interventions by Mr Nicolas Schmit (Minister of Labour, Employment and Immigration), Ms Lydie Err (Ombudsman), Ms Marie Anne Rodesch-Hengesch (Ombudsman-Committee for the Rights of the Child), Ms Christiane Martin (OLAI) and Prof. Dr. Rolf Tarrach (President of the University of Luxembourg) as well as the participation of other National Contact Points.

Further speakers, as well as the detailed conference programme including the registration form will follow soon.

Yours sincerely,

Ass. Prof. Dr. Christel Baltes-Löhr
